

SAFARI WHAT YOU NEED

- US\$ cash
- Insect repellent, mosquito spray
- Sunscreen
- Pack of tissue and toilet paper
- Hand sanitiser
- Yellow fever vaccination card, hepatitis, tetanus, typhoid. (Please check your local travel clinic)
- Malaria pills (Please ask us to prepare local ones if you want)
- First Aid / personal medicine kit.
- A small day pack (for town tour, safari and zanzibar tour)
- toiletries (toothbrush, soap, shampoo, lotion)
- Shirt / T-shirt (lighter colours are recommended since dark colour may attract tsetse flies)
- Sweat / hoodie (as early morning drive and place like ngorongoro can be cold)
- Thicker jackets (It can be surprisingly cold in safari at night and in the morning)
- Long pants (from dusk to dawn to prevent mosquito bites)
- Hats and sunglasses(recommended for day/afternoon game drive)
- Extra socks and underwear (camps and lodges are usually offer laundry services)
- a pair of Sneakers (it can be cold in safari so thongs sandals are not enough to protect your feet)
- a pair of Thongs sandals (it's convenient when you take shower at camp or for room shoes at lodge)
- Camera / video camera (with a battery charger)
- Memory cards
